Inventory Management System

1. General

User Login

Users can login to the system using the provided user name and password.

2. Administration

Manage User Roles (Administration/User Roles)

Super users and privileged users can add, edit and delete user roles.

Create / Edit User Roles (Administration/Users)

User role creation / edit UI facilitates the management of the role privileges. Each role has set of privileges as shown below.

Name

name

☐ Super User

Privileges
